

8th International CCS Workshop

May 5th, 2023

18th International CLL Workshop

May 5-6th, 2023

Update on Biology and Therapy of Chronic Lymphocytic Leukemia

The Cancer Cluster Salzburg (CCS) meeting will be held jointly with our annual workshop on chronic lymphocytic leukemia "Update on Biology and Therapy of Chronic Lymphocytic Leukemia (CLL)" and provides a stimulating forum to share and discuss exciting and novel data. Both workshops will be held on **May 5th – May 6nd 2023** at the Arcotel Castellani in Salzburg. The conference will provide an update on the most recent insights into basic and clinical aspects of cancer.

We are confident that this workshop with a very ambitious scientific program will be most memorable to you.

Scientific Program Cancer Cluster Salzburg Workshop

FRIDAY, May 5th 2023: 10:00 – 17:00 (Central European Summertime)

WELCOME AND INTRODUCTION

10:00 - 10:10	Richard Greil and Fritz Aberger (Salzburg, Austria)
---------------	---

SESSION I: Tumor microenvironment and computational modeling

Chair:	Richard Greil and Fritz Aberger (Salzburg, Austria)
Time	Speaker
10:10 - 10:40	Andreas Prokesch (Graz, Austria) <i>Targeting metabolic flexibility in hepatocellular carcinoma</i>
10:40 - 11:10	Febe van Maldegem (Amsterdam, Netherlands) <i>Spatial patterns in the lung cancer tumour microenvironment</i>

COFFEE BREAK

11:10 - 11:30	
---------------	--

Time	Speaker
11:30 - 12:00	Zlatko Trajanoski (Innsbruck, Austria) <i>Understanding NSCLC, one cell at a time</i>
12:00 - 12:30	Jan Hasenauer (Bonn, Germany) <i>Multi-state model facilitates assessment of clinical trajectories</i>

LUNCH BREAK

12:30 - 13:30	
---------------	--

SESSION II: Molecular/genetic aspects of cancer

Chair:	Jutta Horejs-Höck and Angela Risch (Salzburg, Austria)
Time	Speaker
13:30 - 14:00	Clemens Schmitt (Linz, Austria) <i>Senescence-associated transdifferentiation in hematological malignancies</i>
14:00 - 14:30	Andrew Lawson (London, UK) <i>Cancer driver mutations in (seemingly) normal tissues</i>
14:30 - 15:00	Dimitrios Anastasiou (London, UK) <i>Roles of host metabolism in liver cancer</i>
15:00 - 15:30	Dinis Calado (London, UK) <i>The Good and Evil Nature of Germinal Center Reactions</i>

CLOSING REMARKS

15:30 - 15:45	Richard Greil and Fritz Aberger (Salzburg, Austria)
---------------	---

COFFEE BREAK + POSTER SESSION

15:45 - 17:00	
---------------	--

Scientific Program Chronic Lymphocytic Leukemia Workshop

FRIDAY, May 5th 2023: 17:00 – 18:15 (Central European Summertime)

KEYNOTE LECTURE CLL	
Chair:	Richard Greil and Alexander Egle (Salzburg, Austria)
Time	Speaker
17:00 - 18:15	Ingo Ringshausen (Cambridge, UK) <i>An attempt to understand and overcome treatment resistance in lymphoma...and not to become depressed in the process</i>

DINNER	
18:15	Welcome Reception
18:45	DINNER

SATURDAY, May 6th 2023: 08:15 – 15:45 (Central European Summertime)

WELCOME AND INTRODUCTION	
08:15 - 08:30	Richard Greil (Salzburg, Austria)

SESSION I: Genetic and molecular studies in CLL	
Chair:	Ingo Ringshausen and Richard Greil (Cambridge, UK & Salzburg, Austria)
Time	Speaker
08:30 - 09:00	Roland Geisberger (Salzburg, Austria) <i>RNA editing in chronic lymphocytic leukemia</i>
09:00 - 09:30	Ferran Nadeu (Barcelona, Spain) <i>Early seeding of Richter transformation and beyond</i>
09:30 - 10:00	Thomas Wunderlich (Cologne, Germany) <i>Transgenic modulation of AKT/FoxO1 axis in EμTcl-1 mice reveals different outcomes</i>
10:00 - 10:30	Lukas Frenzel (Cologne, Germany) <i>Venetoclax resistance in CLL</i>

COFFEE BREAK	
10:30 - 11:00	

SESSION II: CLL microenvironment	
Chair:	Nadja Zaborsky and Roland Geisberger (Salzburg, Austria)
Time	Speaker
11:00 - 11:30	Alan Ramsay (London, UK) <i>Targeting the immune CLL microenvironment</i>
11:30 - 12:00	Francesco Forconi (Southampton, UK) <i>Insight into U-CLL from analysis of the tumor BCR structure and function</i>
12:00 - 12:30	Piers Patten (London, UK) <i>Modelling and imaging the tumour microenvironment</i>
12:30 - 13:00	Basile Stamatopoulos (Brussels, Belgium) <i>Extracellular vesicles in CLL: EV-dence for reshaping the tumoral microenvironment</i>

LUNCH BREAK	
13:00 - 14:00	

SESSION III: Clinical aspects and novel therapie	
Chair:	Richard Greil and Alexander Egle (Salzburg, Austria)
Time	Speaker
14:00 - 14:30	Paolo Ghia (Milano, Italy) <i>Should we include MRD assessment in CLL management?</i>
14:30 - 15:00	Alessandra Tedeschi (Milano, Italy) <i>What is fitness in the era of new target agents</i>
15:00 - 15:30	Clemens Wendtner (Munich, Germany) <i>New aspects in the therapy of CLL – serial treatment or GIVE it all at once?</i>
CLOSING REMARKS	
15:30 - 15:45	Richard Greil (Salzburg, Austria)
